MEMORANDUM FOR MAJ Tom Wilson, Recruiting and Retention Manager,  
Nevada Army National Guard, 2460 Fairview Drive, Carson City Nevada 89701

SUBJECT: Wear of the Recruiting "Soft" Uniform

1. The wearing of the Recruiting "soft" uniform (civilian slacks and logo shirt) has been unofficially authorized for several years for assigned members of the Strength Management team. The intent behind this program was to enhance the image of NVARNG recruiting personnel and their ability to relate to the non-prior service, high school market. However the issue as to when the soft uniform will be worn has recently generated concern and provided the emphasis for an established policy.
2. Effective immediately the Recruiting and Retention soft uniform will be worn only under the following two specific circumstances:
  - a. At the discretion of the individual Recruiter, only while performing recruiting duties at any school if it is believed that the wearing of the soft uniform at that school will benefit his/her mission requirements.
  - b. When traveling, within the State of Nevada, and it is not conducive to wear a traditional duty uniform in regards to security and/or purpose of duty. The wear of the soft uniform outside the state is also authorized but not as a duty uniform unless specified as a mission requirement.
3. A soft uniform will not be worn when representing the Nevada Army National Guard at official National Guard ceremonies/events, during periods of IDT or AT or at any situation, (other than outlined in 2a./b.) at which a traditional military uniform is required.
4. Failure to adhere to this policy will result in the termination of this privilege.
5. POC this issue is the undersigned.
